# **"The Secret of the Priesthood"**

**Come and learn with  
Rabbi Eric Grossman**

**Head of Bible, Frankel Jewish Academy of Metro Detroit**

The medieval Bible scholar Abraham Ibn Ezra believed that he had discovered many of God's secrets in the Bible. Not one to divulge a Divine confidence, he never revealed his insights. Rather, he carefully hid clues in seemingly random places in his commentary that would lead the worthy reader to his conclusions. In this lecture we will follow one of these leads to decipher "The Secret of the Priesthood." We will discover both the secret itself, and why it has been so cautiously veiled.

Advance registration is strongly recommended. Seating is limited. All are welcome.
